

UNITED STATES OF AMERICA  
FEDERAL ENERGY REGULATORY COMMISSION

Conference on RTO Interregional Coordination

Docket No. PL01-5-000

NOTICE ORGANIZING TECHNICAL CONFERENCE

(June 14, 2001)

This notice provides the organizational format **and time change** for the June 19, 2001, Commission technical conference to discuss issues regarding interregional coordination pursuant to Function 8 of Order No. 2000. The conference will begin **at 11:00 a.m.** (instead of 10:00 a.m., as previously announced) at the Commission's offices, 888 First Street, N.E., Washington, D.C. 20426. All interested persons are invited to attend.

The June 5, 2001 Supplemental Notice of Technical Conference<sup>1</sup> asked those interested in making presentations or participating in the discussions to indicate their interest no later than June 8, 2001. The Commission is not able to accommodate all requests to speak.

The conference will be organized in the following format.

**Opening Statements by Commissioners**

**Panel 1 - Seams Coordination Efforts at the Regional Level**

**Speakers** ( 5 minutes each)

The Hon. Nancy Brockway	New England Interregional ISO Coordination Conference
Nicholas Brown	Southwest Power Pool
Yakout Mansour	RTO West
J. Craig Baker	The Transmission Alliance Companies
Phillip Harris	PJM Interconnection
William Museler	New York ISO
Gordon van Welie	ISO New England
Frank Afranji	Western Market Interface Committee

---

<sup>1</sup> 66 Fed. Reg. 30,455 (2001).

Thomas Heller

Missouri River Energy Services

**Lunch Break**

**Panel 2 - Concerns with Current Seams Coordination Efforts**

**Speakers** ( 5 minutes each)

The Hon. Robert Nelson	Michigan Public Service Commission
Richard McMahon	Edison Electric Institute Alliance of Energy Suppliers
Charles Yeung	Enron Power Marketing
John Hughes	Electricity Consumers Resource Council
J. Jolly Hayden	Dynegy Marketing and Trade
Susan N. Kelly	Transmission Dependent Utility Systems
John Meyer	Reliant Energy Wholesale Group
Jacques Régis	TransÉnergie
Edward Cazalet	Automated Power Exchange

**Panel 3 - Seams Coordination Efforts at the National Level**

**Speakers** (5 minutes each)

Mike Kormos	Electronic Scheduling Collaborative
Steven Naumann	Edison Electric Institute Energy Delivery Transmission Group
William Boswell	Gas Industry Standards Board
David Cook	North American Electric Reliability Council
The Hon. Thomas Welch	Chairman, Maine Public Utilities Commission
Craig Goodman	National Energy Marketers
Glenn B. Ross	Virginia Electric Power Company
William Hogan	Harvard University
Reem Fahey	Electric Power Supply Association

Following each panel's presentations, the Chairman and Commissioners may address questions to the panelists.

During the course of this meeting, it is possible that discussion may overlap with issues pending in the cases listed in the attached appendix. A transcript will be made of the conference discussions and placed in the dockets in the attached appendix if appropriate. Additional comments on the issues raised by the conference may be filed by July 2, 2001.

Presentations should be officially filed with the Commission by June 18, 2001, according to the instructions given below. The Commission cannot currently accept Powerpoint or Presentation filed electronically, but the presentations can be filed electronically if they are converted to one of the accepted formats listed below.

Presentations and after-conference comments may be filed either in paper format or electronically. Those filing electronically do not need to make a paper filing. For paper filings, the original and fourteen copies should be submitted to the Office of the Secretary, Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, and should refer to Docket No. PL01-5-000.

Presentations and comments filed via the Internet must be prepared in WordPerfect, MS Word, Portable Document Format, or ASCII format. To file the document, access the Commission's website at [www.ferc.fed.us](http://www.ferc.fed.us), click on "Make an E-Filing," and then follow the instructions for each screen. First-time users will have to establish a username and password. The Commission will send an automatic acknowledgment to the sender's e-mail address upon receipt of filings.

User assistance is available for electronic filing at (202) 208-0258, or by e-mail to [efiling@ferc.fed.us](mailto:efiling@ferc.fed.us). Filings should not be submitted to this e-mail address. All comments will be placed in the Commission's public files and be available for inspection in the Commission's Public Reference Room at 888 First Street, N.E., Washington, D.C. 20426, during regular business hours. Additionally, all filings may be viewed, printed, or downloaded remotely via the Internet through FERC's website using the RIMS link. User assistance for RIMS is available at (202) 208-2222, or by e-mail to [rimsmaster@ferc.fed.us](mailto:rimsmaster@ferc.fed.us).

The Capitol Connection offers all open and special Commission meetings live over the Internet, as well as via telephone and satellite. For a fee, you can receive these meetings in your office, at home, or anywhere in the world. To find out more about The Capitol Connection's live Internet, phone bridge, or satellite coverage, contact David Reininger or Julia Morelli at (703) 993-3100, or visit [www.capitolconnection.gmu.edu](http://www.capitolconnection.gmu.edu). The Capitol Connection also offers FERC open meetings through its Washington, D.C.-area television service.

Additionally, live and archived audio of FERC public meetings are available for a fee via National Narrowcast Network's Hearings.com (sm) and Hearing-On-Line (r) services. Live audio will be archived and available for listening on demand after the

event is completed. Billing is based on listening time. Call (202) 966-2211 for further details.

Those interested in obtaining transcripts of the conference need to contact Ace Federal Reporters, at (202) 347-3700. Anyone interested in purchasing videotapes of the meeting should call VISCOM at (703) 715-7999.

Other questions about the conference program should be directed to:
