

97 FERC ¶ 61, 013  
UNITED STATES OF AMERICA  
FEDERAL ENERGY REGULATORY COMMISSION

Before Commissioners: Pat Wood, III, Chairman;  
William L. Massey, Linda Breathitt,  
And Nora Mead Brownell.

Exelon Corporation  
PECO Energy Company  
Exelon Generation Company, L.L.C.  
Exelon Power Team

Docket No. IN01-7-000

ORDER ON REQUEST FOR CONFIDENTIAL TREATMENT

(Issued October 5, 2001)

On October 4, 2001, Exelon Corporation, PECO Energy Company, Exelon Generation Company, LLC, and Exelon Power Team, a division of Exelon Generation (collectively, "Exelon") requested confidential treatment of the non-public appendix containing information acquired during a non-public investigation of Exelon. The information in the appendix is the basis for the Show Cause Order issued in this docket on October 3, 2001. In the Show Cause Order, the Commission stated its intention to publicly disclosed the appendix five days after the order issued. In its request for confidential treatment, Exelon asks for a confidential meeting with staff to demonstrate why it believes that the appendix should remain confidential and to discuss settlement. In the alternative, Exelon requests an opportunity to make such a demonstration in writing. Further, Exelon requests that the Commission give it five days, from the date that it is notified of a denial of its request for a confidential meeting, to make its written submission.

Exelon's request for a confidential meeting with staff is denied. Exelon's request to make a written submission explaining why the appendix should remain confidential is granted, but the submission must be filed by October 11, 2001. Exelon may request confidential treatment for its submission under 18 CFR §388.112, and may renew its

request for a stay of the public disclosure of the appendix in that submission. If, after review of Exelon's submission the Commission determines to publically release the appendix, Exelon will be given five days notice.

By the Commission.
