NOTICE OF TECHNICAL CONFERENCE AGENDA

(May 23, 2003)

As announced in the Notice of Technical Conference issued on May 8, 2003, a technical conference will be held on June 11, 2003 to discuss with states and market participants in the Midwest ISO region the timetables for addressing wholesale power market design issues and to explore ways to provide the flexibility the region may need to meet the requirements of the final rule in this proceeding. Members of the Commission will attend and participate in the discussions.

The conference will focus on the issues identified in the agenda, which is appended to this notice as Attachment A.¹ These issues were developed in conjunction with those in the region. However, participants/stakeholders may present their views on other important issues that relate to the development of the Wholesale Power Market Platform.

The conference will begin at 1:00 p.m. Central Time and will adjourn at about 5:00 p.m. Central Time. It is scheduled to take place at the Doubletree Hotel, 1616 Dodge Street, Omaha, Nebraska. The conference is open for the public to attend, and registration is not required; however, in-person attendees are asked to register for the

¹The Commission will issue notice of, and convene, a separate technical conference to address in detail certain technical issues raised by parties in the above captioned proceedings dealing with the Midwest ISO's proposed Market Mitigation Measures, and to address issues identified in the March 13, 2003 order. See, Midwest Independent Transmission System Operator Inc., 102 FERC ¶ 62,280 (2003). The details of such conference will be forthcoming.
