FEDERAL ENERGY REGULATORY COMMISSION

Standardization of Generator Interconnection  
Agreement and Procedures

Docket No. RM02-1-000

NOTICE OF EXTENSION OF TIME

(September 26, 2003)

On September 9, 12, 16, 22, and September 24, 2003, respective Motions for an Extension of Time to comply with Commission Order No. 2003 were filed in the above-captioned proceeding on behalf of the Midwest Independent Transmission System Operator, Inc., the New York Independent System Operator, Inc., PJM Interconnection, L.L.C., the New England Power Pool Participants Committee and ISO New England, Inc., the New England Transmission Owners, the California Independent System Operator Corporation and its Jurisdictional Participating Transmission Owners and the New York Transmission Owners (Movants). The motions state that additional time is needed for Regional Transmission Organization and Independent System Operators to review the extensive filing requirements of Order No. 2003, to pursue discussions with stakeholders and various working groups, to study potential regional variances related to the Final Rule and to address time-consuming implementation issues. On September 16, 2003, Arizona Public Service Company and American Transmission L.L.C. filed answers in support of MISO's September 9<sup>th</sup> filing in this docket.

Upon consideration, notice is hereby given that Regional Transmission Organizations and Independent System Operators are granted an extension of time to comply with Commission Order No. 2003 until the close of business on January 20, 2004, as requested by the Movants.
