

UNITED STATES OF AMERICA  
FEDERAL ENERGY REGULATORY COMMISSION

Standardization of Small Generator  
Interconnection Agreements and Procedures

Docket No. RM02-12-002

ERRATA NOTICE

(September 5, 2006)

On July 20, 2006, the Commission issued an “Order on Clarification” in the above-referenced proceeding. *Standardization of Small Generator Interconnection Agreements and Procedures*, 116 FERC ¶ 61,046 (2006). The Order erroneously omitted text from two provisions within the appendices of the Order. Specifically, section 21.0 in Appendix 2 and section 19.0 in Appendix 3, both entitled “Reservation of Rights,” are corrected as reflected below.

“Reservation of Rights

The Transmission Provider shall have the right to make a unilateral filing with FERC to modify this Agreement with respect to any rates, terms and conditions, charges, classifications of service, rule or regulation under section 205 or any other applicable provision of the Federal Power Act and FERC's rules and regulations thereunder, and the Interconnection Customer shall have the right to make a unilateral filing with FERC to modify this Agreement under any applicable provision of the Federal Power Act and FERC's rules and regulations; provided that each Party shall have the right to protest any such filing by the other Party and to participate fully in any proceeding before FERC in which such modifications may be considered. Nothing in this Agreement shall limit the rights of the Parties or of FERC under sections 205 or 206 of the Federal Power Act and FERC's rules and regulations, except to the extent that the Parties otherwise agree as provided herein.”

Magalie R. Salas,  
Secretary.
